

GWINNETT COUNTY
Department of Public Utilities
(678) 376-6700

October 24, 2003

Mr. Joseph Barillari,
Tristar of America, Inc.
5150 Buford Highway,
Suite #4
Norcross, GA 30071

Dear Mr. Barillari,

This letter is to advise you that Gwinnett County was pleased with the work performed by Tristar of America, Inc. for the Northwoods Facility Demolition Project. Gwinnett County used Tristar of America for construction that involved demolition of buildings, installation of utilities, grading and electrical work. We were pleased with the timely, efficient and quality service that was provided to us by Tristar of America, Inc. Donald Barillari as Safety Engineer and Quality Control Officer along with Nicholas Fago as Project Manager and Site Superintendent were a major asset to the project and we look forward to working with them again in the future. We do plan to use Tristar of America for future projects in Gwinnett County. If you have any question feel free to contact me, at 678-376-7117

Sincerely,

Manoj Bhimani
Construction Manager
