RE: Tristar of America, Inc.

To Whom It May Concern:

Tristar recently did two projects for SPSU. One project in particular was unique. They demolished a "Fire Tower" and "Burn Building" that formerly belonged to the Georgia Fire Academy. The Burn Building was extremely heavy concrete construction. Tristar did a professional and timely demolition within the budget. It was a pleasure to work with them.

I recommend them for demolition work without reservations.

Sincerely,

T. Burt Mathews, R.A.
